

BY ORDER OF THE HEALTH OFFICER EFFECTIVE IMMEDIATELY AND UNTIL FURTHER NOTICE (Saturday, March 21, 2020 @ 2:00 PM):

All food delivery services to hospitals, nursing homes and places of business must be completed outside of the delivery premises. No entry into the business location by delivery persons shall be permitted. Pre-payment at time of ordering would be preferable and maintaining the 6 foot separation of social distancing needs to be adhered to. Food service businesses must provide delivery personnel with some form of hand sanitizer to use after each delivery/transaction is completed. At this time we are allowing delivery to residences to continue as normal but would require the use of hand sanitizers by deliver staff as indicated.

As a reminder to all: continue to practice social distancing by maintaining at least 6 feet separation from others, wash your hands often, and stay home if you are sick.
