**COVID-19 UPDATE:**

The Daviess County Health Officer has lifted the visitation restrictions on nursing homes/assisted living facilities at this time. Some facilities may not be able to allow visitations based on the status of their patients. The visitation restriction may be re-instituted at any time based on the positivity rate of the County as a whole. Check with the facility before arriving to confirm their visitation guidelines.

The number of total deaths for the County has increased due to a new data system at the Indiana Department of Health. The new system is now able to capture past deaths from various locations and match them to the County of residence. Therefore, adjustments have been made to our total number of deaths in Daviess County.
